WHAT IS SBE/TPE

a. There are four categories of SBE, as follows: SBE equipment that is on an Army G3 FRAGO to stay behind in theater and transfer from one unit to another.

1. Category 1: Short-term SRC (Standard Requirements Code) to SRC (90 days or less) executed under temporary hand receipt.

2. Category 2: Long-term SRC laterally transferred for the duration of one rotation.

3. Category 3: Short-term transfer by specific LINS executed on temporary hand receipts.

4. Category 4: Long-term transfer by specific LINs laterally transferred for duration of one rotation.

WHAT IS SBE/TPE

b. TPE. Previously CAT 5 SBE - Permanent SBE consisting of specific LINS of MTOE property, issued Army Pre-Positioned Stocks (APS), and items purchased specifically for OIF or OEF using the Army Resource and Requirement Board (AR2B), such as Rapid Equipping Force (REF) and Operational Needs Statements (ONS) Equipment, to remain in theater for the duration of OIF or OEF, property purchased or maintained by an area support group in the performance of their mission is not considered TPE.

****The AMC Property Book Teams will account for TPE, previously CAT 5 SBE.****
